Classes

Parenting Class certificates are available to couples or single parents. Our program is acceptable to the court for a parenting class certificate. The lessons cover nurturing, discipline, first aid and other topics.

You will learn skills to help keep children happy, healthy, and safe. Successful completion for the certificate requires watching and discussing each lesson with a mentor, as well as completing a homework assignment each week. The certificate program is appropriate for parents with infants, toddlers and children. Each lesson takes about an hour to complete, and there are ten weekly lessons. Clients may earn vouchers to redeem for diapers, clothes, and other items if their children are newborn through two years of age.
